

# CSA REMEMBERS BRIAN TOWNSEND

## 1935—2019

It is with great sadness that we announce the passing of Mr. Brian Townsend, former Managing Director and founder of End Systems Ltd. Brian passed away on Sunday 15th September at 3.45am surrounded by his family. True to form, Brian fought his short illness right up until the end and will be sorely missed not only by his family but by the many that knew him in the industry and beyond. It is testament to him that so many of the high flyers in the HVAC industry began their careers with Brian at End Systems, a testament to him that End Systems still continues to thrive and grow under the directorship of his daughter Kay. Having influenced so many lives through his work within the industry, his presidency of the HVCA now BESA, as a founder member of the CSA in 1995, his time as a judge with Crufts and as a valued member and Chairman of the Cavalier Club.

We truly have lost a titan of the industry, a beloved husband, father and grandfather and great grandad.

The loss is immeasurable.
