## CSA OFFICE – COVID-19

### JANUARY 2021

As the UK goes into “Lock Down” due to the Coronavirus pandemic, the uncertainty surrounding the current outbreak and how it will affect us over the coming weeks is very much unknown.

However, we would like to assure all of our members and customers that CSA have a robust plan in place to ensure we still meet your needs during these difficult and testing times ahead. Staff here are geared up to do whatever it takes to keep things moving and try to keep things very much business as usual.

The CSA are doing all they can to ensure the continued health of our staff and would ask that members/customers/suppliers who visit us think twice before doing so, most projects can be discussed on the phone and via email and this will help limit any potential spread of the virus to our staff.

The CSA office will be manned intermittently each week but we are picking up all emails - if you do need to speak to someone – please call one of the numbers below.

We'll keep our website updated as changes inevitably happen. You can see all our services and information on our website [www.csa.org.uk](http://www.csa.org.uk)
