

MAKING BUILDINGS WORK

**Commissioning Specialists
Association**

**PRESS RELEASE
April 2020**

The CSA Awards are once again calling for your entries!

Building on the tremendous success of the 2019 event, which saw the awards ceremony move to the Guoman Tower Hotel in Central London, the 2020 CSA Awards Dinner will return to this prestigious venue, albeit at the new dateline of Friday 20th November; brought about by the COVID-19 pandemic.

Nestled amidst the River Thames, the Tower of London and St Katherine Docks, with spectacular views of Tower Bridge, this superb venue will allow the awards ceremony to further develop and to become its home for the foreseeable future.

For anyone involved in 'commissioning', this awards programme provides the perfect platform to get business and professional achievements noticed. Focusing on best practice in the key areas of commissioning, such as innovation and achievement, energy saving, sales growth, customer care and service provision, nominations are sought for the following seven award categories:

- Project of the Year – ***Sponsored by BSRIA Instrument Solutions***
- Commissioning Management Award – ***Andrew Reid & Partners***
- Product Innovation of the Year – ***Sponsored by Media Control***
- Commissioning Provider of the Year – ***Sponsored by MBS***
- Investment in Training Award – ***currently available***
- Student of the Year – ***Sponsored by RED Engineering***
- Engineer of the Year – ***Sponsored by Ashford Environmental Services***

Entry is quite straight forward, completely free of charge, and if selected as a Finalist provides excellent levels of publicity. Just visit www.csa-awards.co.uk to review the entry criteria and complete an online entry form. The nomination process is now fully underway with the entry deadline set for 5.00pm on Friday 2nd October 2020, allowing ample time for entries to be prepared and submitted.

Commenting on the awards, Mark Todd, CSA Chairman said, "These are quite extraordinary times, the likes of which none of us have seen in our lifetime, and the commercial impact for many businesses will be considerable. However, the important work carried out by the commissioning sector is something to be truly proud of, and it remains crucially important for that activity to be acknowledged and rewarded.

He continued, "The CSA recognises that companies across the sector are facing high levels of business interruption, but we must all stand fast, stay strong and continue to promote the value and importance of the commissioning function. By doing so, we will survive these unparalleled challenges and come through the other side. As such, I would thank you for your continued engagement, whilst looking forward to better times beyond Coronavirus."

For further information on any aspect of the 2020 CSA Awards Programme, please visit the dedicated website – www.csa-awards.co.uk, or call the organisers, Touchwave Media, on 07785 290034.

Note to Editors:

[About CSA](#)

Established in 1990, the CSA is an association for the commissioning industry within the construction world. Its membership comprises commissioning industry companies, individual commissioning engineers and associated companies (such as equipment manufacturers, instrument suppliers, etc.), who have a vested interest in ensuring that the commissioning function in today's complex built environment is carried out to a uniformly high standard.
