CSA NEWSFLASH – SKILL CARD UPDATE

In preparation for all CSA individual members being able to apply for their SKILLcard we will be issuing all current members with new copies of their latest exam certificates and their membership certificates.

This is because all certificates have been colour coded to make it easier for SKILLcard to recognize your grading when you are applying for your CSCS cards.

This will be done electronically, and you will receive these via email from the office. As you can imagine this is a massive job and there are only two of us so, please be patient whilst this task is undertaken.

Going forward from that point onwards all certificates will be moving to a digital copy ONLY.

The certificates will reflect the colours approved by SKILLcard and the membership cards will also reflect these colours. The only noticeable changes are as follows:

- Grade 2 will move from blue to red.
- Grade 4 will move from gold to blue.
- CM grades will move from purple to black.

Full guidelines on the procedure for applying for your new CSCS card will follow in Index magazine due out later this month as final online processes are still being set up by SKILLcard.

If you have any queries as always, please do not hesitate to contact the office.
